Full-Stack / Frontend Developer

Lagos, Nigeria | +234 704 283 8584 | oyebankeolayode@gmail.com | olayodeoyebanke.vercel.app

PROFILE

Physiology graduate and self-taught full-stack developer with a growing portfolio of deployed, real-world web applications. Experienced across the React/Vite/Tailwind and Node/Express ecosystems, with a track record of shipping complete products — from OAuth-secured dashboards to client-facing marketing sites — and a strong interest in building tools with real users and monetization potential rather than portfolio pieces alone.

CORE SKILLS

Languages: JavaScript, HTML5, CSS3

Frameworks & Libraries: React, Vite, Tailwind CSS, Node.js, Express, Framer Motion

Backend & Data: Prisma, PostgreSQL (Neon), REST APIs, JWT Authentication, OAuth

Tools & Platforms: Git/GitHub, Vercel, Render, EmailJS, Figma

Other: SEO fundamentals, UI/UX design, responsive/mobile-first development

SELECTED PROJECTS

DevTrack — Full-Stack GitHub Activity Tracker

React, Vite, Tailwind CSS, Node.js, Express, Prisma, Neon · Deployed on Vercel + Render

- Built a full-stack developer analytics tool with GitHub OAuth login and automated repository sync.
- Integrated Groq's Llama model to generate AI-powered monthly developer activity reviews.
- Designed and shipped seven fully functional pages, including a cross-domain cookie/auth flow solved via Vercel proxy rewrites.

B4R Library — Full-Stack Reading Tracker

React, Node.js, Express · Deployed

- Developed a feature-complete reading tracker with shelving, progress tracking, and a badge/challenge system.
- Handled end-to-end product decisions from data modeling to UI, independently scoping and prioritizing the feature backlog.

Dornier Modern Architecture (D.M.A.) — Client Website

React, Vite · Fraunces + Manrope typography system

- Delivered a premium marketing website for a real architecture client using their actual portfolio assets and project data.
- Built a reusable component system (e.g. custom “Eyebrow” component) to keep the client's brand consistent across pages.

INTERNSHIP

Flexisaf — Frontend Development Intern

- Built and maintained responsive websites, translating design mockups into functional, mobile-first layouts using HTML, CSS, and JavaScript.

CERTIFICATIONS

- SheCodes — Web Development Bootcamp
